## 'Crash Corner' Has Another Accident Toll Continues To Mount; Three Car Accident At Crash Corner

Chase Avenue and El Cajon Boulevard Accident Score Board  
Since 1953 Continues to Climb

Killed to date	1
Persons injured to date	43
Number of accidents to date	48
Vehicles involved to date	123
Total property damage to date	\$39,760
Accidents this week	1
Vehicles involved this week	3
Property damage this week	\$ 300

How High Must the Score Be, Mr. State Engineer ? ? ? ? ?  
It doesn't make much difference which way you approach the intersection of El Cajon boulevard and Chase avenue, there is always a chance that an accident can happen, as is proven by the accident that took place last Saturday night, which involved three cars. In this case, in the opinion of the El Cajon Police, a traffic control light could have prevented the accident.

Vincent L. Odom, 43, of 1240 Marline avenue, El Cajon, was traveling west on El Cajon boulevard. He signaled to make a left hand turn onto Chase avenue, and had to come to a stop because of eastbound traffic. Joseph M. Doss, 27, of Los Angeles, following Odom also came to a stop.

Mrs. Margaret Roddam of Jammal, also traveling west on El Cajon glanced down at her speedometer for a fraction of a second, and then crashed into the Doss car, which in turn rammed into Odom's car.

In this three car accident Mrs. Sarah E. Doss suffered injuries to her right leg. She was taken to her home at 1425 Beach street in San Diego. The Doss car was damaged to the extent of about \$300, and had to be hauled away. Mrs. Roddam was cited for following too close to the car ahead.

Had there been a traffic control light at this intersection all three drivers would have been alerted. There would have been the instinct to slow down. The driver of the first car would have been able to turn directly across the street onto Chase and not have had to stop in the lane of fast-moving traffic.

The situation at Chase and El Cajon is an outrage against citizens of this area. Is El Cajon forever doomed to be a one-stoplight town because of some bureaucratic reluctance? There are four stoplights on the Alvarado Freeway, countless lights on San Diego's portion of El Cajon boulevard. How is it that a town of more than 20,000 people cannot have traffic controls requested by the City government and police authorities?

## Dollar Days Start Thurs.

Merchants of El Cajon have been readying stocks this week for another in the series of "Dollar Days" sales events, to be held today through Saturday. More than 50 El Cajon merchants will participate this time, according to Jim Chadwick, chairman of the "Dollar Days" Committee of the Chamber of Commerce. Special items to sell for \$1, multiples of \$1, and other items specially priced, will make up the bargains available to wise shoppers this weekend, Chadwick, manager of J. C. Penney's, said.

Planning the event with Chadwick are Ed Tobin, Tobin's Furniture Store and Director of Retail Sales Activity for the El Cajon Chamber of Commerce; Bob Guthrie of Guthrie's Children's Shop; Jim Free of Free Brothers Market; Chuck Ferree of Woolworth's; Ralph Mays of The Hayseed.

"Our last Dollar Days here in El Cajon was very successful," Ferree said recently, and we are sure that this one will be equally so, because of the quality and savings offered in the special merchandise of all participating merchants."

## Governor, Children Await Mother Goose

## Schrade Travels Zig-Zag Route To Attend Parade

Many miles of travel are in store for Assemblyman Jack Schrade this week, as he attempts to perform his legislative duties and also attend El Cajon's Mother Goose Parade.

A meeting of the Fish and Game Committee in Sacramento kept him busy Monday, Tuesday and Wednesday.

He flew back here yesterday to

Among the 300,000 Californians and visitors who will visit the City of El Cajon this weekend will be the Governor of the State, Goodwin Jess Knight. Governor and Mrs. Knight will lunch with parade dignitaries at the First National Bank in El Cajon, unveil a new mural of the Valley, and then join the thronging thousands who annually enjoy the parade.

More than 120 units appear in the parade this year, the Parade Association announces. Tom Wigton, a director of the association, as well as the father of the idea, announced that more than 3500 people will take part in the parade for which Jack Maranda is chairman this year. More than 48 floats, 20 bands, and 20 marching units will appear, Wigton said.

An innovation in parade formation is the arrangement of the parade in "Chapters" instead of the traditional divisions. As George C. Clark, parade association president explained, "We're presenting more than a parade. It's a salute to old Mother Goose and a special treat for the youngsters to whom the famous Mother Goose characters are real. That's why we're calling the parade 'The Mother Goose Story' and why we have labeled the various parade divisions as chapters in the story."

The parade, which will begin at 1:45 p.m., will last just over two hours, Maranda explained. To provide additional room for the crowds witnessing the parade, the route has been lengthened by nearly a quarter of a mile, he said. The parade will form on the west side of El Cajon and move east through the city on El Cajon boulevard and into Main street.

The parade will be led by El Cajon's Motor Police Patrol, followed by the El Cajon Mounted Police. Grand Marshal of the parade, Rear Adm. C. C. Hartman, USN, commandant of the Eleventh Naval District, will follow the Naval Training Center Color Guard and Training Center Band. Honorary Grand Marshal will be Gov. Goodwin J. Knight, who will appear with Mrs. Knight and other honored guests at the head of the parade.

First float to appear in the parade will be the official Mother Goose float, presented by the City of El Cajon and the Mother Goose Parade Association.

Special arrangements are being made to handle traffic in and around El Cajon on parade day according to Joseph O'Connor, El Cajon's chief of police. Through routing the parade from west to east, O'Connor explained, the highway to San Diego and other coastal cities will open more quickly. Adequate parking is available throughout El Cajon, O'Connor emphasized.

Parade association officials forecast that parade attendance would near the 350,000 mark, easily making the Mother Goose Parade the best attended parade in the world held purely for the entertainment of youngsters.

**COUNTY GETS FUNDS**  
State Controller Robert C. Kirkwood recently said that San Diego County's share of the September highway users taxes is \$251,556.

## Police Apprehend Local Juveniles For Setting Sunday Mystery Blasts

The two mysterious dynamite blasts that rocked the southwestern part of the valley at 1 a.m. and 6:20 p.m. Sunday, were solved by the El Cajon Police Department and the El Cajon Sheriff's office early Monday afternoon, according to Police Chief O'Connor.

O'Connor said that juveniles, picked up Monday, had confessed to setting off the two blasts in the Mt. Helix area and also two blasts in the Lakeside area.

The juveniles had stolen the dynamite from a construction job in Lakeside. They had taken one case of 40 percent dynamite, according to police. The remainder of the dynamite has been recovered.

The heaviest blast that took place in the Helix area at 6:20 p.m. Sunday, contained eight sticks of the explosive, police said.

The only damage that was reported so far was at the home of Mr. and Mrs. Don Hardenbrook, where two windows were broken and it is believed that the house

foundation may have been slightly damaged.

It was also reported that a small child visiting in the area was aroused by the explosion in the morning and accidentally walked through a plate glass window. The child was not injured.

The El Cajon Fire department answered a call after the blast, but upon arrival on Pine Drive was unable to locate the point of explosion.

Police Chief O'Connor, Detective Dart, Sheriff's Deputies Hanson and Jones were the officers who rounded up the seven boys who had taken part in the dynamite spree.

According to O'Connor, after the boys had been questioned, 25 cases were located which had been stolen from a number of stores in the valley.

O'Connor said that he did not believe that the boys would be prosecuted for theft, but there is a possibility that they will have to appear before juvenile authorities.

Now is the time to give some thought to your wardrobe, for the gay party season is just ahead. You'll be wise to begin at Madame Kriete, 8321 La Mesa boulevard, La Mesa, the store that's noted for its distinctive apparel. Madame's personnel are especially chosen for their thorough knowledge of ready-to-wear and their ability to help select the style that's best for you. Ask to see the Emmal Domb sheath cocktail dress with its all over gold thread. It's fashioned with a gathered bodice and scooped-neck. The pleat in back makes walking easy. For a smart look, see the jet black, by Minx Modes. The interest is in the back; an overskirt with the Victorian look. The soft blue-lined overskirt shows just a little as you dance. The bodice-back buttons to the waistline. These are but two of the many styles you'll see at Madame's. She has a wide selection of laces, velvets and nets, in all the evening shades and styles. Make Madame Kriete's your headquarters for holiday apparel.

Manzer's Corset and Lingerie Shop, 153 E. Main, El Cajon, has the original elastic bra, it's Warner's "A-Lure." It stretches with you for perfect fit and comfort, gives uplift and no wayward wrinkles under smooth apparel. A-Lure does a masterly job of glamorizing every contour. Another specialty at Manzer's is the Wisp-O-Youth bra, featured in both plain and stitched cups. For the heavy bust, see the nylon, stitched with the underneath wire. Remember Manzer's for Dollar Days specials.

Sunny's Dress Shop, Magnolia Arcade in El Cajon, features the newest in fashions for small women as well as large. Sizes start at 5 and includes 16's. This week Sunny invites her many friends to come in and see her new shipment of knitwear in all the new holiday colors. Styles include cardigan sets, scooped-neck party sweaters and Zephyr sweaters set with angora trim. The sweaters are lamb's wool and nylon and are washable. Available also are the separates that can be perfectly matched with Sunny's wide selection of skirts.

In last week's column we told you there would be more about the new store for Stone's Gifts and Cards which is to be at 8261 La Mesa boulevard in La Mesa. Delays have postponed opening Nov. 18, but Mrs. Stone says, "sometime" next week. You'll be happy to know that Stone's has a "kiddies' room," to occupy the little folks while mother shops at ease, being designed for its new store. The room will be completed with a blackboard, books and other interesting items to entertain the "younger" set.

Sexton's Prescription Pharmacy, 8292 La Mesa boulevard, La Mesa, has received new holiday gift items. In the cosmetic department you'll find such famous names as Milk Maid, Ayers, D'Orsay, Elizabeth Arden, Helena Rubinstein, Dana Tussy and DuBarry. For the men they carry a complete line of Kings Men, His, Sportsman, Yardley, Shulton and Houbigant. We predict, if you gave these gift sets before, you'll want them again for more friends, and new friends. The gift hits of the decade are the Ciro Originals, fabulous Ciro perfume in its original bottle and gift box with five popular names to choose from.

## New Holiday Fashions Review By FH Women

One of the most successful style shows and luncheons of the season was held Wednesday at 12:30 in Fletcher Hills. Credit for the afternoon's entertainment goes to the Women's Association of the Fletcher Hills Presbyterian church with Mrs. Amy Robinson chairman.

Among the outstanding features of the show was the newest in eye-glass styles, presented by Dr. Ralph Blodgett. Styles shown were especially designed for sport, tailored and dressy wear. Smart fashions were featured from Sunny's Shop in the El Cajon Arcade. New holiday hats were from Blanche Gray's Shop. Lawson-Schiller exhibited a fabulous collection of Eisenberg rhinestone jewelry, including a matching ensemble set with black diamonds.

It was modeled by Mrs. Arthur Provost. Luncheon was served by the Food Basket.

Fashions designed with the holidays in mind, included a white butterfly dress, with very full felt skirt; the jersey top was adorned with a diagonal line of blue felt butterflies descending from the neckline, and studded with rhinestones. With it, Mrs. Donald Erickson wore a blue leather belt.

Mrs. Fred Bowerfind appeared in a pink Marilyn Monroe lace dress, very slim and taffeta lined, with a flounce on the bottom of the skirt, fashioned with a large black velvet rose at the knee. Mrs. Robert Houx was a show favorite modeling a street dress of two shades of charcoal grey, with turquoise cummerbund and a dark grey bolero featuring three-quarter sleeves. Her grey felt French hat completed the costume. For evening she chose a mink colored satin cocktail dress, the bodice

Margaret Sutton of Fashionities was commentator.

## Lakeside Plans Huge Family Day May 13 For Opening Of Lindo Lake

Lindo Lake in Lakeside will be the scene of a gala grand opening Sunday, May 13, according to an announcement made by Force Boyd, chairman of the committee in charge of the occasion. "We have selected May 13 as a day when the weather will start to get warm and spring will be in the air," Boyd said. "We want to make this an annual affair for the opening of the summer season. It is our hope that this opening day will turn out to be a day when the whole family will come out all set for their first picnic of the year."

### Pheasant Season Opens At Lakeside Co-op Saturday At 5 a.m.

The 1955 pheasant season will open here next Saturday, and if you haven't purchased your pheasant tags yet, then you can figure on waiting in line for a while. Here is a reminder from the Department of Fish and Game, this year the "first time" hunters will get priority over the repeat hunters in the Lakeside Co-op area.

When a hunter enters a pheasant co-op, his license will be punched. Thereafter, during the season, if he wants to hunt on the co-op, he must stand aside at the checking station until all unpunched licenses have been accommodated.

The Lakeside Co-op, containing 5,200 acres, has a capacity of 400 hunters. The hunting area's single checking station is one mile west of Sanite.

Shooting hours in the co-op will be from 8 a.m. to 4:30 p.m. The checking station will open at 5 a.m. on opening weekend, but will open at 7 a.m. during the remainder of the weekend.

Others on the committee for this opening planning are Carlyle Reed, secretary, Dr. E. R. Hering, Richard Held, Larry Duvall, Dean Howell, Tom B. Smiley, Charles Goode, and the Honorable Jack Schrade.

Plans for the opening day will see County Recreation Director Cletus Gardner as master of ceremonies. He will preside over a 40-minute ceremony which will introduce all persons who have been connected with the filling of the lake.

It is expected that the Lakeside Sportsman Club will arrange fishing contests for kids under 16. This will include a prize for the one who catches the most fish, the largest fish, as well as contests in the art of fly casting.

The ceremony and celebration on May 13 will start at about 1 p.m. and go on by 4 p.m.

The continent of Antarctica is estimated to be an area of 6,000,000 square miles—approximately the area of the United States and Europe combined.

**CADET TEACHER**—Mrs. Audrey Tate, 22, State College student and cadet teacher at Bostonia school, gives a lesson in reading to Francine Plummer, a pupil in Mrs. Hilton's fourth grade class at Bostonia. Mrs. Tate spends part of each

school day in Mrs. Hilton's class, as part of her work for an elementary credential at the college. She would like to teach in the Cajon district schools when she graduates, Mrs. Tate said. —Staff photo

### Square Dancers Hail Fiesta De La Cuadrilla

Two clubs from the Heartland Square Dance Federation were featured on the program Sunday at the "Fiesta de la Cuadrilla," square dance convention in Balboa Park.

The Huff N Puffers and the Promenaders presented "Quadrille" to the large audience. Frank Dyson was caller for the

event. Dyson is a regular caller for the Huff N Puffers in Spring Valley.

Mrs. Leona Little of Lemon Grove, our on the spot correspondent, reports that 3,950 square dancers registered for the event, that more than 4,000 spectators attended the Cavalcade, and that in one part of the program there were 320 people dancing—all beginners.

Dinner, served chuck wagon

style in the Food and Beverage Building, saw 900 attend. Afterwards a fashion show for squares was held. Sunday breakfast was served to 385 dancers.

Of the 90 callers participating, 80 were local and the rest were from out-of-town and out-of-state. Sixteen Round Dance teachers also participated in the festivities, and the round dance class was well received, Mrs. Little said.

Mr. and Mrs. Glen E. Smart, 3555 Martzel drive, Spring Valley, announce the engagement of their daughter, Janice LeVern, to Robert Smart, son of Mr. and Mrs. Michael H. Rebbe, of Rochester, N. Y. The bride-elect was graduated from Helix High School and has also attended San Diego Junior College. Her fiancé who is now on duty with the Navy, attended schools in New York.

A February wedding is planned.

Spring Valleyites are looking forward to next summer, and will not object to it being a hot one, if plans are completed for the erection of a modern swimming pool and summer recreation grounds.

Five acres on Sweetwater road between Valencia street and Taylor, have been acquired by W. K. Sherman, through Stephen J. Herald, from the A. L. Riley Corporation. Mr. Sherman intends to erect on this five acres a pool 35x75 with a bathroom at one end and snack bar, lounge room and small dance floor at the other. Barbecue pits will be installed for family summer picnics.

The project will be known as the Carman Ranch Club. Ground was broken November 7, by William Doughman, president of the Spring Valley Chamber of Commerce. Mr. Sherman will be president of the club. Present at the groundbreaking were Mr. Doughman and Mrs. Doughman, Mr. and Mrs. Theodore Phillips, Mr. and Mrs. Howard Thomas, Mrs. B. Seymour Robinson, Mr. S. J. "Good will was built between the merchants and our club members, an enjoyable and beautiful entertainment was put on and good food was enjoyed. Most importantly we are satisfied at the results."

Mrs. Arthur Crom, County Junior Advisor, was the commentator for the afternoon and Jerry Lee Pecht, program director for Radio KFMB was commentator for the evening. Rust, the president, for their special Veteran's Day program. The dream of the Helix High Bagpipe Band! A display showing a set of pipes, a bag cover, a sword belt, and two bonnets may be seen currently at Helix High School.

These are all part of the uniform that a pipe band wears. Pictures of the band, a sword, trophies, and books showing Scottish music, and one book about the "Ladies From Hell," as Hitler called the Scottish regiments during World War II, are shown. The Helix Band needs some of these articles to be among the best-dressed Bagpipe Bands in Southern California.

The band was started five years ago by a student at Helix. The band recently got their real kilts and plaids. The ASB paid for the material. The Helix Band pipers have paid for their pipes themselves, at a cost of from \$35 to \$120.

**TRAIN TODAY FOR A BETTER TOMORROW**

# WHAT'S DOING

Once a year, in just about every American City, the time comes for "The Big Event." And so it is this week in El Cajon for it is MOTHER GOOSE PARADE time. This will mark the ninth annual Mother Goose Parade for El Cajon, the ninth year in a continually growing pageant of color, gaiety and sound dedicated to the children of the world—an hours-filled, miles-long panorama of fairy tales come to life. If you have seen MOTHER GOOSE, you will (naturally) go to see it again; if you have yet to see your first one—I can't urge you too much to avail yourself of the opportunity to "live" this outstanding event.

And while all of Mother Goose carries with it a feeling of gaiety and happiness, may I introduce a word of caution?? This parade is attended by (literally) hundreds of thousands of people with attendant thousands upon thousands of automobiles. Going to El Cajon and leaving it after the parade calls for an extra amount of care in driving, an extra alertness on the part of the person behind the wheel. Impatience sometimes causes some drivers to forget the courtesy which usually governs their actions in the driver's seat. IF we all drive both for ourselves AND the other driver, the Mother Goose Parade Day will live long as a very pleasant memory for us all. So, DO be careful—DON'T allow impatience to add a tragic note to the DAY. May I wish you a HAPPY MOTHER GOOSE DAY—ALL day.

**How to enjoy even faster long distance service**

Today telephone operators can dial most long distance calls direct to their destinations, to millions of telephones all over the country. It's one of the things that's helped us speed long distance service. And you can help make your service even faster if you give the operator the number of the person you're calling, not just the name and address. When you place out-of-town telephone calls by number they actually go through twice as fast. Pacific Telephone.

Mrs. Bryant Speaker  
At FH Woman's Club

The Women's Club of Fletcher Hills held their last regular meeting at the home of Mrs. Edgar Brown, 524 Galway Place. The speaker was Mrs. Marian Bryant from the Department of Public Health Education. Her subject was the chestmobile and the importance of X-rays, public health agitation in general and the benefit derived.

One of the new members, Mrs. H. A. Schleich, will be hostess for the Christmas party at the next meeting.

Christian Scientists Plan Service  
To Celebrate Thanksgiving Day

The Thanksgiving service of the Christian Science church includes a Lesson-Sermon particularly prepared for the occasion on the subject "Thanksgiving."

Thanksgiving Proclamations by the President of the United States, or by the Governor of the State, or both, will be read as a part of the service.

After the opening Scriptural reading, prayer, and hymns, the sermon will commence with the Golden Text from Psalms (97:12): "Rejoice in the Lord, ye righteous;

and give thanks at the remembrance of his holiness."

Among the Bible selections are these words of Paul to the Corinthians, "But this I say, He which soweth sparingly shall reap also sparingly; and he which soweth bountifully shall reap also bountifully. Every man according as he purposeth in his heart, so let him give; not grudgingly, or of necessity: for God loveth a cheerful giver. And God is able to make all grace abound toward you" (II Cor. 9:6-8).

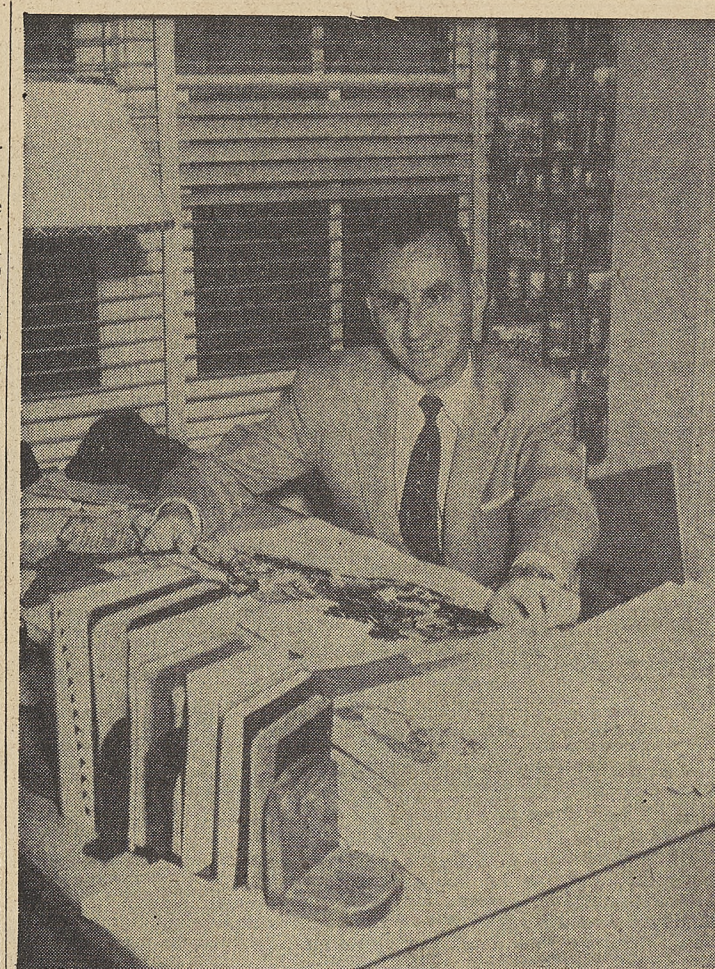

"Christians rejoice in secret beauty and bounty, hidden from the world, but known to God," reads a correlative passage from "Science and Health with Key to the Scriptures" by Mary Baker Eddy. It continues, "Practice not profession, understanding not belief, gain the ear and right hand of omnipotence and they assuredly call down infinite blessings" (p. 15).

## LETTERS TO THE EDITOR

**To The Editor:**  
I am about to resume my duties as manager of special activities for Convair Division of General Dynamics Corporation, and I wish to send you this note of thanks and appreciation for the newspaper support rendered by the El Cajon Record, Greater La Mesa News, Foothills Pictorial and Lakeside Star during my assignment as Heartland Division loan executive for the 1955 United Success Drive. Although it now appears that El Cajon, La Mesa and the Heartland Division will be unable to achieve this year's fund-raising quotas, I do not consider my three months of effort wasted. The experience has resulted in my meeting a number of new friends and interesting people in all parts of the Heartland, and I hope I've been able to make a small, favorable impression on some of them in behalf of the Community Chest. I hope you will continue to support editorially the still active United Success Drive in the Heartland area, and give those volunteers still in the field a chance to make the best possible showing. They certainly deserve the thanks and respect of the entire community for their hard, and sometimes thankless, volunteer efforts. Sincerely,  
Fred E. Hamlin

**To the editor:**  
Please find attached the petition certificate relative to El Cajon boulevard and Chase avenue. I travel this road two and sometimes three or more times a day and I wish to register my protest to the California Highway engineers for the dilatory negligence in installing proper traffic control signals. I drive an average of 2000 miles per month and consider this one of the worst traffic intersections that I have to cross. Persons traveling east on El Cajon boulevard, coming down the grade seem to speed up to keep one from entering El Cajon boulevard when bound for San Diego. This morning I waited for traffic which had been a mile away to pass before I found someone courteous enough to allow my family and me to cross this intersection. I signed this hoping that we could have some positive action in this intersection before there are more injuries and fatalities. Truly yours,  
Harley W. Bailey.

**BACK TO CONVAIR**—Fred Hamlin, on loan to the 1955 United Success Drive from his job as manager of special activities for Convair Division of General Dynamics Corporation, returned to his post this week after a three-month stint spent helping organize the drive in the Heartland area. Arnold J. Phillips, Heartland chairman for the drive, credits Hamlin for a good measure of the success the drive was able to achieve. "He was untiring and enthusiastic in his work," Phillips said, "and made a great effort to give recognition to everybody who worked on the drive. After Fred visited some of the Red Feather Agencies and saw the work they do, and the need there is for the services, he became sold on the Community Chest, which, added to his dynamic personality, made him a tireless and dedicated worker with a cause." Hamlin began his career as a newspaperman in Salt Lake City. In World War II he edited a weekly Navy paper for Admiral Halsey's Fleet in the Pacific, and after the war he did publicity for television and movie studios. He joined Convair after working on a San Diego daily paper.

Tomorrow is the big day for Hal Wallace, owner of the Wallace Furniture Company, 838 E. Washington. Wallace's customer demand has caused him to expand his company, he says, and his second branch store opens tomorrow at 685 El Cajon boulevard, the corner of Washington and El Cajon. Hal will have a fishbowl, containing approximately \$250 in silver, at the opening. Purchasers of the first ten TV sets will be invited to reach in the bowl, and help themselves to a handful of money. Miss San Diego, Phyllis Fleming, will be on hand to help the 1948 graduate open his new store. She and Hal will be passing out prizes, refreshments, and proudly displaying the beautiful appointments and fine merchandise of the new Wallace outlet. Wall-to-wall carpeting is one of the decor features which will make it a pleasure to shop at Wallace's. Another great help to customers is Wallace's policy of servicing the products he sells. "I think people like to know that they're buying from a service dealer who can keep their merchandise as good as new," Hal says. Ken Ritchie is manager of the new Wallace store, and N. H. Algarva, renowned gentleman chef, will manage the store at 838 E. Washington.

## GREEN and GRAY SPORTS

by  
RICK SUTHERLAND

The Helix Highlanders regained the 'feudbuster' musket from Grossmont's Fighting Foothillers, 21-0, after a one year absence on the fog shrouded Helix gridiron Thursday night.

The Foothillers, who hadn't won a league game this season and had been severely trounced by Chula Vista the week before, played like an entirely different team against the favored Highlanders. In fact they pushed league leading Helix all over the field in the first quarter-and-a-half.

The turning point in the game was at the start of the second quarter when Grossmont had the Highlanders back to their own five-yard line. It seemed as if there was an upset in the making. However, the Helix line stiffened and took the ball on downs.

**HELIX MARCHES**  
The Highlanders seemed to take heart from this stand and launched a 95-yard drive to paydirt. Halfback Gary Dunn carried the brunt of the load, as he carried six times for 69 yards. Fullback Dan Spinazzola tallied the marker by bulging six yards up the middle.

With seconds remaining in the half, Dunn broke loose on an end sweep and went 30 yards for the score. After adding the extra point the score stood at 14 to 0 for Helix at the half.

**OLSON UPS SCORING LEAD**  
After a scoreless third quarter, in which the teams battled on fairly even terms, halfback Dave Olson scampered 35 yards around left end for the last score of the game. It marked the fifth league touchdown, tops in the league, for the diminutive senior halfback.

**CHULA VISTA NEXT**  
Tomorrow night should be the game of the year in San Diego County football circles, as the Highlanders play host to the Chula Vista Spartans.

The Spartans are also undefeated in Metro League play and share first place with Helix. The defending champions from Chula Vista have a powerhouse crew that has a winning streak of 18 straight games, carrying over from last season.

Both teams use the T formation with Chula Vista stressing a running attack and Helix passing a shade more often.

On defense the Spartans have given up only four touchdowns this year and they are all via the air. As a result the Highlanders may have quarterback Bob Schultz throwing the football a lot more than usual.

**RUDZINSKI INJURED**  
Fullback Duane Rudzinski, one of the top rushing threats in the league, may not be able to play because of an injured hand. He sat out the Grossmont game and was not too sorely missed, but in a game against a team of Chula Vista's caliber every player is needed.

Whichever way the game goes, it should be close and very hard-fought.

The largest of three rudders which will guide the aircraft carrier USS FORRESTAL weighs 45 tons and equals the floor area of a two-bedroom house.

## Lakeside Becoming World Renowned For Fruitcakes

By Eva Murray

Our town of Lakeside is becoming known throughout the world as the home of delicious fruit cakes.

Ben Hunter, disc jockey for the "Night Owls" of Radio Station KPL, was sent a sample of fruit cake baked by Bob Watkins, owner of the Bake-Sweet Shop in Lakeside. After tasting this delectable delicacy, Ben, who does not like fruit cake, said, "This is something unusual and unusually delicious and I think all of the Night Owls should have the pleasure of tasting it."

With that, Ben started to plug the cake over his program and orders started to come in to Bob. So far cakes have been mailed to England, Scotland, Hawaii, and almost every state in the Union.

The recipe for this cake, which is almost entirely made of fruits, won top honors in this year's American Bakers Association convention held in Atlantic City.

Bob Watkins, whose work causes him to be awake while most of us are sleeping, has been listening to the Night Owls for a number of months and says that it is one of the most unusual programs.

There are thousands in the southwestern area who set their alarm clocks for 2 a.m. each weekday morning so that they can listen to it. The following that Ben Hunter has is tremendous, with 85,000 attending a three day Night Owl convention held at Big Bear Lake this past summer.

There is a magazine published by and for the Night Owls and because of his popularity, Ben had no trouble winning a recent election as Honorary Mayor of Hollywood in which many noted Hollywoodians participated.

Both Ben Hunter and Bob Watkins are to be thanked and congratulated by the citizens of Lakeside for the very fine publicity they have been giving our town.

## County Milk Best, Says Santee Man

The San Diego Milk Council's program to increase the consumption of milk in the county, called finest in the land, has moved into high gear, according to Hugh D. Good, of Santee, board chairman of the council.

The basic program consists of newspapers and television advertising designed to emphasize the refreshing and satisfying qualities of milk, and a consumer education program by a full-time specialist. Other activities are contemplated.

The theme of the newspaper and television messages is a series of testimonials by prominent local personalities.

The consumer education program is being conducted by the council's specialist, Miss Mary Wright, through public speaking appearances.

The San Diego Milk Council, comprised of producers of milk distributed in San Diego County, was organized last spring.

It is governed by a board of five directors, all appointed by W. C. Jacobsen, director of the state department of agriculture.

### MUSKET FEUD

The Helix Green Wave challenged the Grossmont Foothillers Thursday night in their feudbuster for this year's football season. Although Duane Rudzinski, Helix's number one player wasn't able to play, Grossmont was smeared, 21 to 0. Dave Olson, Danny Spinazzola and Gary Dunn made the scoring points. After the game the Highlanders accepted the musket for another year. Two after-game dances were held, one at each school. Helix will play their final game this week against Chula Vista High. Both teams are tied for first place in the Metro League, and the outcome of this game will decide the league's winner. This will be the most exciting game of the year for both squads.

### BATTLING BRAVES

El Cajon suffered a defeat by St. Augustine High in a non-league game Friday night at Helix Field. This being El Cajon's first year, the following is a list of their varsity football squad: Doug Benson, Jerry Olson, Ken Goodwin, Dick Burton, Calvin Baurell, Bob Contreras, Jerry Poole, Joe Kluesevich, Ted Matlock, Jim Edmonds, Mel Barvee, John Nelson, Bob Mancis, Dick Magoffin, John Flemming, Roy King, Wayne Burington, Perry Crampston, Carl Scott, Don Magoffin, Bill Vildibill, Herman York, John Miller, Al Hall, Tom Bonner, Carl Amptman, Wayne Thibodeau, Mel Bratley, Carl York, Mike Christensen, Dick Stacy and Dave Barrus.

### MOUNTAINS . . .

Friday being a holiday, a few guys n' gals got together and went up to Stonewall Mountain to spend the day. After their excursion they headed for Green Valley Falls for a picnic lunch. Those in the fun were: Marie Hill, Bob Henseley, Ernie Miller, Beverly Graves, Sharon Clark and John Phister.

## Helix Instructor Leads Busy Life

One of Helix's busiest Highlanders is Dorothe Bonsignore whose extra curricular activities range from playwriting to pageant-planning. She also manages to find time to teach English Social Studies and English 11.

Mrs. Bonsignore was born in Florida and spent her childhood in the Orient and China. She was graduated from Hoover High in San Diego where she was very active in debate. The attended William and Mary College in Virginia and is a graduate of San Diego State College where she was active on the Aztec, the college paper.

Mrs. Bonsignore, a student of the works of Bret Harte, also writes plays of which five have been produced locally. She has won three first prizes for professional and amateur playwriting.
